"Gazing down from the clouds at our Alma Mater."

MEMBER

STARS OF

Dedication

To Miss Gertrude Wahl, a most respected guide and counselor, we dedicate this book.

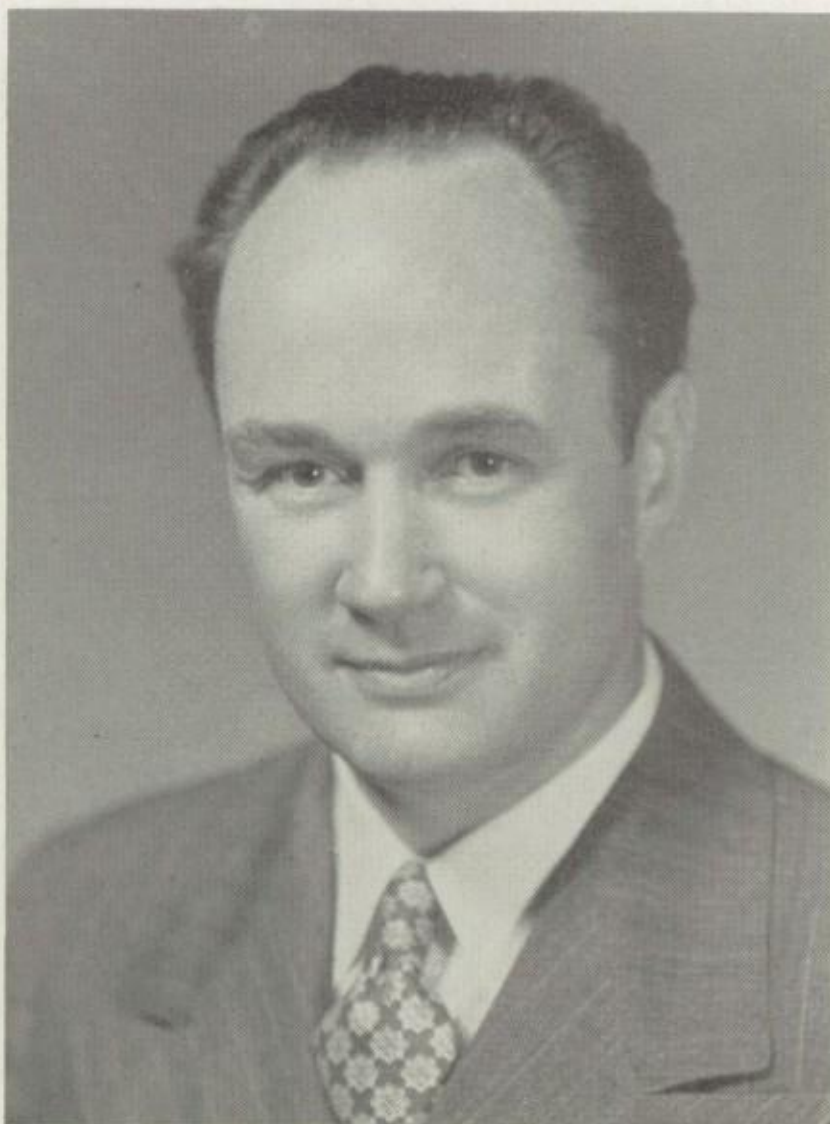

We shall always remember her inspirational teachings, her charm and poise, and her great, abiding human interest. With those characteristics she won our sincere and lasting admiration and instilled in us higher ideals and brighter hopes of future fulfillment and happiness.

Out of the inexhaustible treasury of our happy memories of her friendship, we extend to her forever our loving, humble gratitude.

The Theme

With the coming of the atomic age we feel that we are living in an era of science and speed; one in which knowledge of communication and air travel is greatly advanced. Now planets and shooting comets tell our sagacious astronomers much about foretelling the future. Thus, in keeping with the times, we, of the 1947 Crimson Staff, have chosen as our theme "Star Gazing." The little fellow at the top is "Crim," son of Chromo, who will act as your guide through the pages that follow.

THE FRESHMAN CLASS

Last fall one hundred eighty-nine Freshmen entered the halls of G. H. S. with all the vim and vigor that is characteristic of Freshmen. As is the custom, the activities of the Freshman Class were limited; but while examining the curriculum of this school we find a large group from this class active in various work.

The music department has benefited greatly with thirty-two participating in either the marching or concert band. Several play in the orchestra and many others sing in the Girls' Glee Club or Choir.

The different clubs are well represented by the Freshman Class. Sunshine, Jr. Hi-Y, G. A. A., Industrial Arts, Camera, Scribblers, Health Council, the Science Clubs all have active members from this class.

The athletic department is also well supported by the Freshman Class. The football team, under Coach Dan Sherman, had nearly thirty boys learning fundamental football. Also the basketball team under Ralph Peterson, had twenty-five boys reporting for practice and forming the Freshman team.

Great Discoveries of Man

Evolution — Revolution — Circumlocution — Ablution — Combustion — Deduction — Circumspection — Percussion — Deprecation — Navigation — Frustration —

Fire — Its initial use by man, the Pithecanthropus — Sub Man, that is, is shrouded in antiquity, not in Grandma's old horse-hair couch, or in the Cranberry glass, or in the Currier and Ive's prints, but in antiquity, the state or quality of being ancient. To continue, fire is believed to have marked an important "millstone" in the change of status from *mere* animal to human!

Agriculture — With the development of crops, hardly conceivable to those who think farming nigh impossible without an A. A. A. (or perhaps there was something comparable even in those days), and the domestication of these animals which insist upon popping in here at random, man, the Troglodyte-Neanderthal, was able to set up cities and methodize nations.

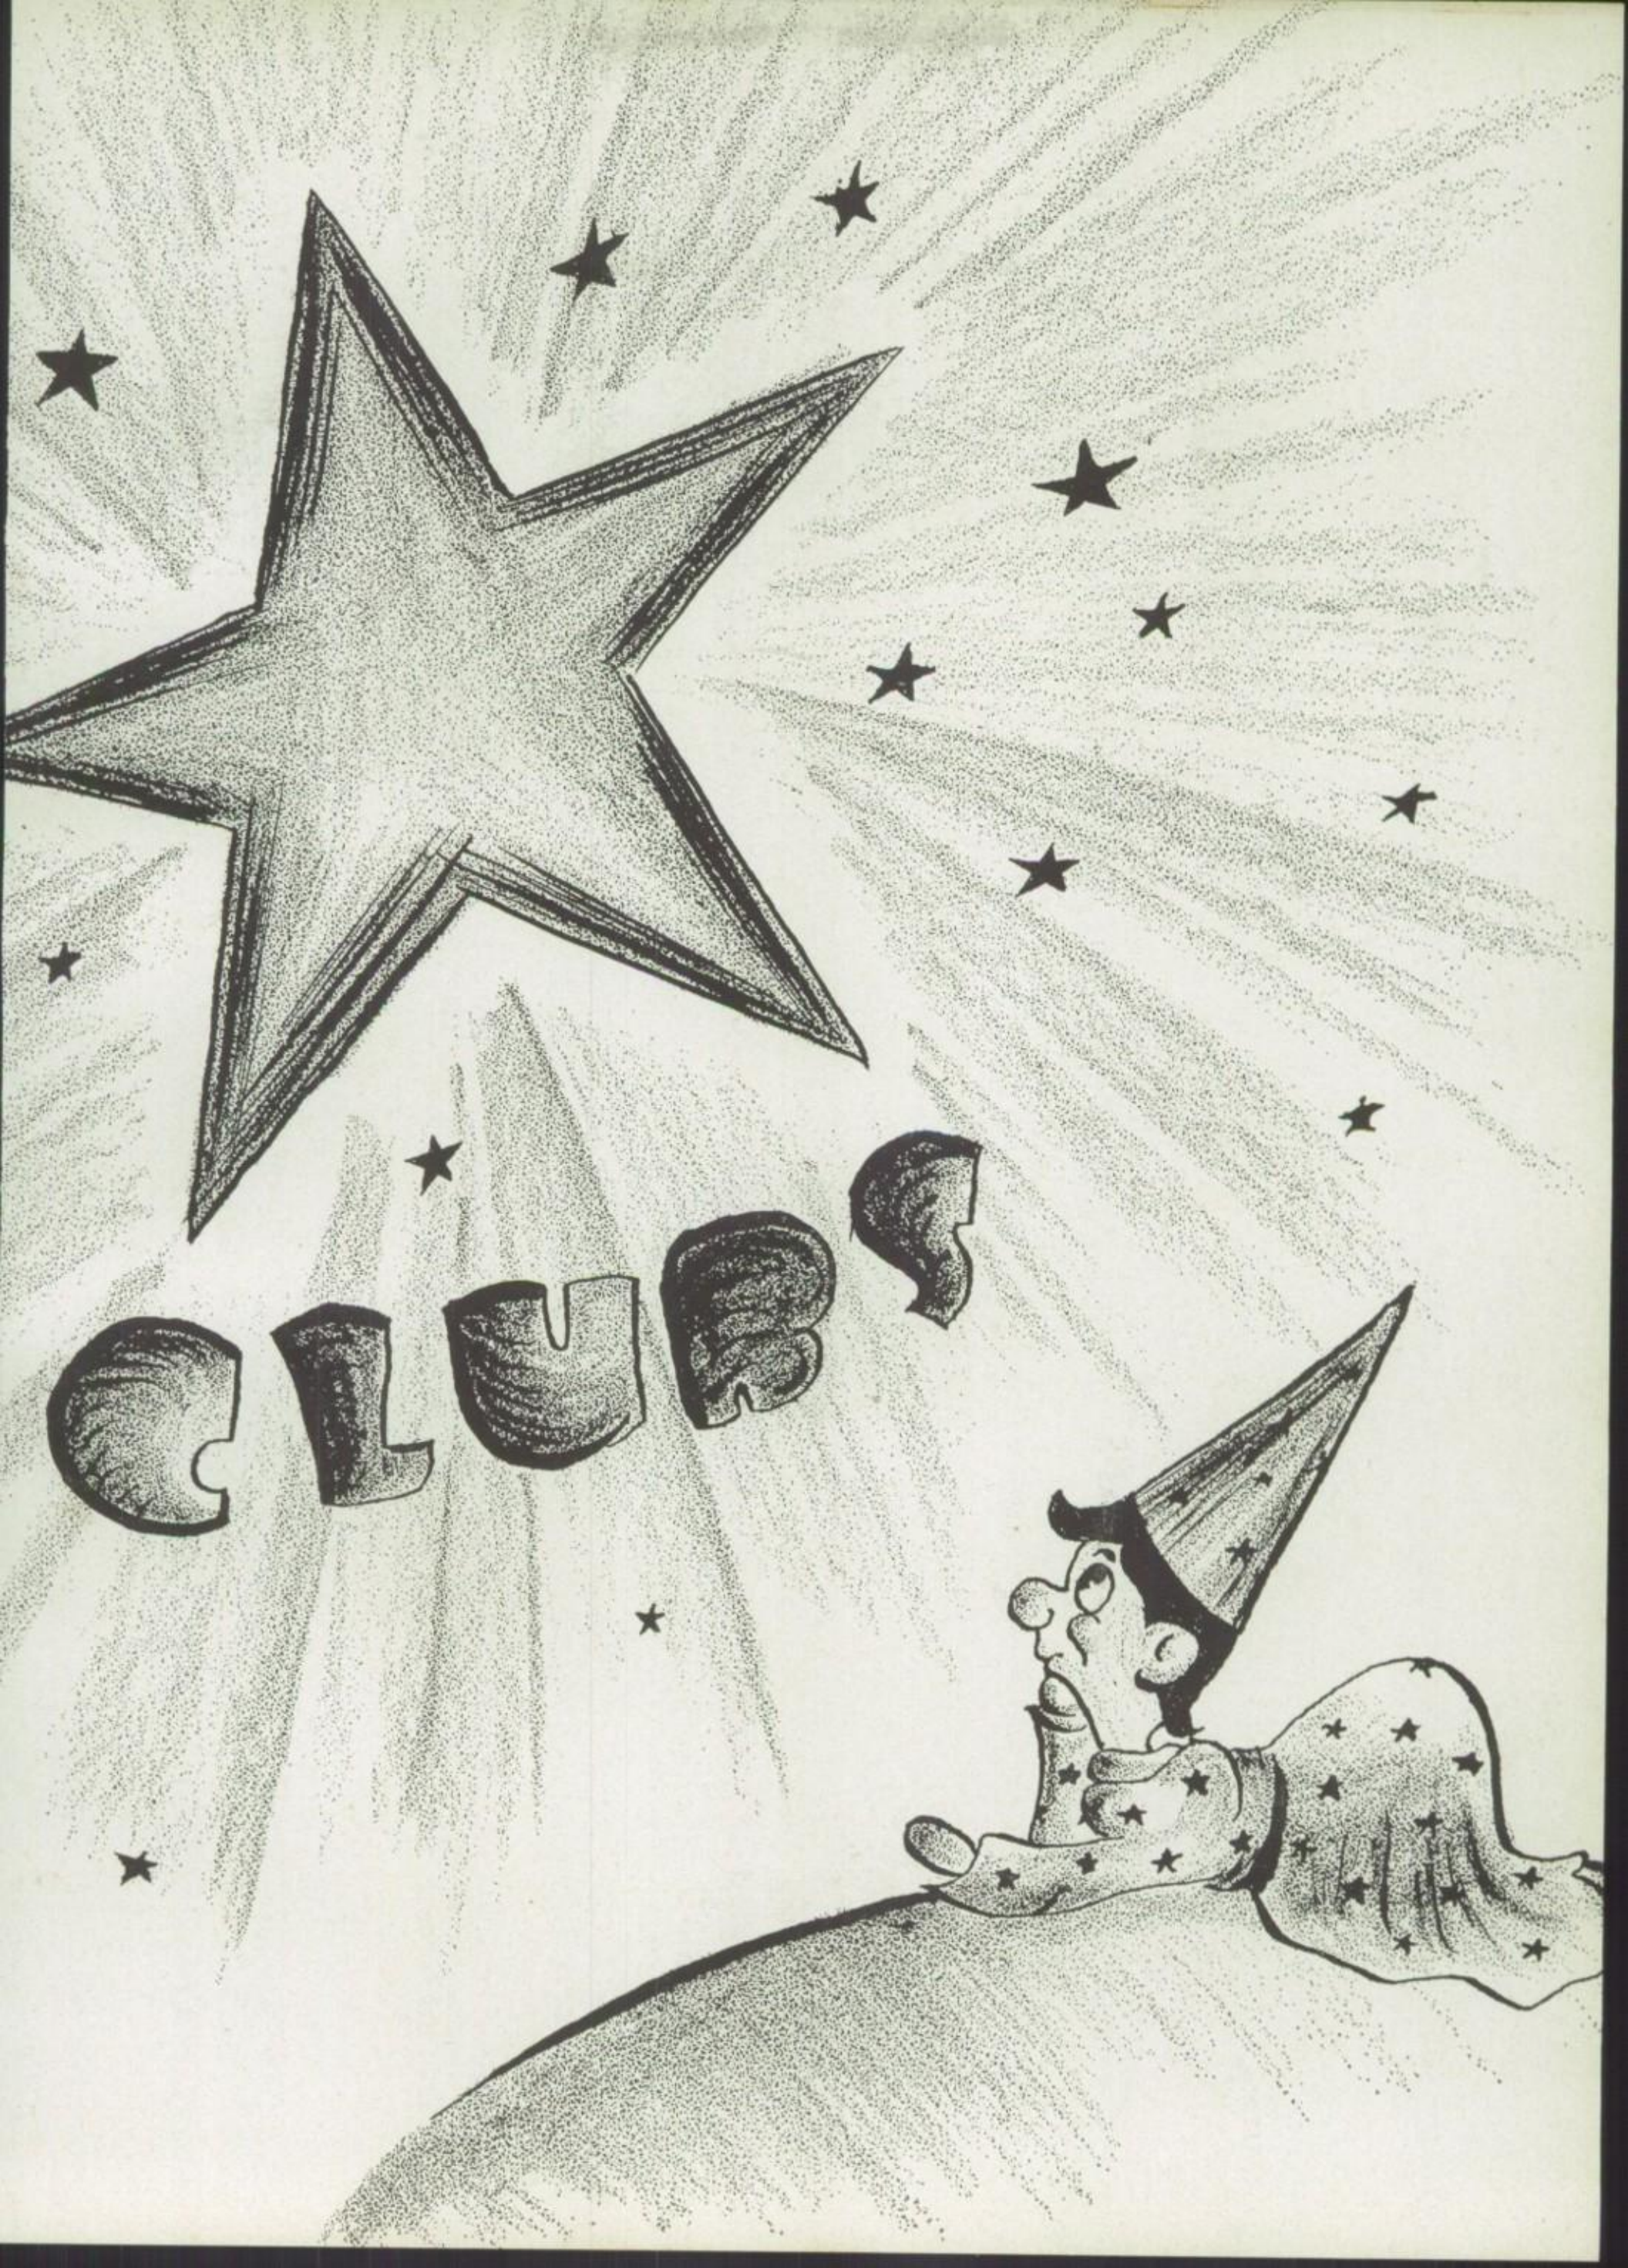

The Wheel — Prehistoric, before Herodotus began compiling, civilizations got along without it, (and sorry to say, the antecedent of this word is not as close as English grammarians recommend), but the wheel has been basic in the development of modern — refinements.

Power — Development of steam and internal combustion (engines of this type are of three different varieties: gas, also most useful to suicidally inclined maniacs, gasoline and other light vapors, and Diesel) by Watt, Plato, Mendeleeff, Ichnaton, and Fulton, (someone is *undoubtedly* out of place), gave man time for cultural progress and made possible the industrial revolution (thereby giving the title some bearing on the case).

(Here belongs the Homo Sapiens, or the man who likes playing with dynamite.)

Atomic Energy — This could step up man's potentialities to unprecedented heights. It may revolutionize his way of living and permit him to explore the universe. Many may even become capable of penetrating the hidden meanings of such terms as cyclotron, deuteron, fission, isotope, meseon, neptunium, neutron, novae, positron, plutonium, protactinium, thorium, or even Einstein's theory that the speed of light squared times the mass is equal to the potential energy. Perhaps man, which evolution has now made an atomite, will turn into a harmless groundmole and take our *great* civilization with him — UNDERGROUND?

Auto Mechanics

ROW 1: G. Beck, E. Sullivan, P. Markley, B. Hooley, B. Frye, J. Widner, E. Edwards. ROW 2: N. Cole, J. Heeter, L. Lewallen, K. Wogoman, B. Murray, Mr. Kintigh. ROW 3: D. Troyer, W. Vander Reyden, R. Gorsuch, J. Detwiler, J. Schrock, B. Markley, H. Rassi. ROW 4: E. Yoder, C. Fields, C. Lewallen.

The Auto Mechanics Class under the instruction of Mr. Kintigh is composed of a select group of senior boys. The qualifications are that each boy be suited for that type of work which is determined by work in similar departments and by aptitude qualifications.

This class organized in 1923 has been always an essential part of the school curriculum. A foundation in the field of automotive education has been the forerunner of many a successful career in this line of work. There has been a great demand for trained boys to work in shops doing mechanical repairs; and the department has never been able to fill all these demands. This course offers a basis upon which to build a successful trade.

The Goshen High School Band, as in the past, has given service continually to the school and community. Its activities began at the opening of the school year with the marching unit maneuvering at the football games. The marching band participated also in the different parades sponsored by service organizations in our community.

The concert band composed of seventy-six pieces gave its 26th annual anniversary concert in the spring. Many long hours of hard work were put in by the students to make this program an outstanding event.

This year sixteen seniors graduate from the band. Several of them are outstanding on their individual instruments. Their loss will be deeply felt, but it is the sentiment of all that Goshen High School's band will continue to maintain the standard that it has carried through the years.

One of the outstanding events of the year was the presentation of Handel's "Messiah" by the Goshen High School Choir. This beautiful masterpiece was sung by the choir's 67 members, of whom several sang solos. This was the fourth annual rendition of a very difficult oratorio. The choir prepared several religious anthems which were presented at a later date.

The Girls' Glee Club is composed of girls who have second hour study. They study and sing a wide selection of vocal music. The Glee Club appeared at the annual Chandler Fall Festival. Also this organization sang Christmas carols in the halls before vacation dismissal. This completed and made Christmas time at Goshen High School a remembrance that will be cherished by all students of this school.

In November an initiation was held and many members were added to the roll of the Junior body. Officers were elected and the Junior Hi-Y was rolling on its own with separate programs.

The club's responsibilities are to maintain high standards of Christian character and to enact throughout the school clean speech, clean sports, clean scholarship, and clean living.

With this goal in mind each member has done much for the betterment of his school and community.

Though Hi-Y was active in sponsoring many programs during the school year, probably the most interesting was a guidance program with Mr. Frank Liddle, secretary of the Y. M. C. A. of Indiana, as guest speaker.

The outstanding event of the year was the annual "Father and Son Banquet" held at one of the local churches.

THE ORCHESTRA

The Goshen High School Symphony Orchestra, one of few for a school of this size, has continued to work in giving students a broad musical education. Throughout the years, Mr. Brinklow has built a library of the world's best music for the enjoyment of the students.

The orchestra presented a concert for the Music Parents Club in January. Several members played in the South Bend Clinic Orchestra under Mr. Dasch in mid-fall. Other plans were being formulated to create an interest in and improve the work of the orchestra.

The fifty members of the orchestra have put forth much effort in accomplishing the task of good musicianship. By virtue of this endeavor each student has reached a richer, fuller understanding of an art that can be enjoyed throughout later life.

The purpose of the Industrial Arts Club is to provide recreational activities for the membership composed of present and former industrial arts students, and to promote industrial arts as a department.

This year the club had a Halloween party and was in charge of the concessions at the "little" county tourney. An inner-club basketball league composed of four teams and a swimming party in March were also enjoyed during the past year. With their excess funds the club purchased new equipment for the shop.

As their project for the year, the club took a field trip to the Museum of National Science in Chicago.

The Pan American Club, formerly known as La Tertulia or the Spanish Club, has stated as its purpose in a new constitution adopted this year:

"The purpose of this club shall be to familiarize the members with Spanish-speaking countries, to promote understanding in the Americas, and to create interest among others in Pan American affairs."

Membership in the club is limited to students who have studied Spanish in high school or who are enrolled in Spanish classes at the time.

The club's major project for the year was a Pan American Day program presented for the student body on April 14. Another interesting event was a gala Christmas party for members on December 16. The party included carolling of Spanish songs in a manner similar to the traditional Mexican "posada," and the breaking of a "pinata" full of candy and gifts.

Meetings which are held twice monthly, include talks by outside speakers on various Latin American countries, the study of Spanish music, book reports, and the study of customs of our southern neighbors.

Many members of the club have joined the International Students Society and participate in that organization by corresponding with students in foreign nations.

THE HONOR GROUP

The Honor Group is composed of girls who have earned the required number of points in the Sunshine Society. This group acts as a nucleus around which all the activities of the society center.

This year the Honor Group not only planned Christmas baskets for the needy of Goshen, but it also was instrumental in planning a special project for the Sunshine Society, that of adopting a ten-year old European girl under the American Foster Parent's Plan.

Chosen from the Honor Group are committees for the handling of the initiation, holly wreath sale, and any other projects that may be undertaken.

The TOMAHAWK, which is published monthly by a staff of twenty-eight juniors and seniors and distributed free to the students and faculty of Goshen High School, contains feature articles, jokes, editorials, and school news.

Special issues were published at Christmas time with pages in red and green and in March when the junior members of the staff put out their traditional edition.

On the third Thursday of each month, the staff enjoys a "Tomahawk Supper," planned by special committees. After the supper, the staff works until the paper is finally "off the press."

For initiation this year, the new members were "shocked" and "scalped" by one of the older "Braves" in the seclusion of his own tepee.

Goshen Whips Fort Wayne Central Goshen 20 — Central 6

The G. H. S. Redskins opened a successful season on Foreman Field with a win over Central of Fort Wayne. A sustained drive and a flat pass from Art Chapman to Ray Rockenbaugh netted our initial tally. Dean Schwalm blocked a punt on the Tiger's five yard line. In two tries Art Chapman went over. For the third touchdown Rockenbaugh intercepted a pass and ran to the 20 yard line. Art's pass to Johnny Fields was good, and the game ended with Central scoring on a spread play.

Goshen "Tomahawks" Indians Goshen 19 — Central 0

Goshen scored twice in the first period to win over South Bend Central Catholic. A blocked punt opened the way for our first six-pointer with Art Chapman passing to Johnny Fields for the touchdown. Center Doug. Weaver recovered a free ball on the Indians' 28 yard line. Larry Lewallen hit right tackle for another score. In the third period Goshen fumbled on Central's 18; but Central in turn fumbled and John Hay recovered. Jack Beachy, a junior, covered the remaining distance on a reverse play to finish Goshen's scoring.

Goshen Defeats South Bend Adams Goshen 25 — Adams 0

Goshen traveled to School Field to defeat John Adams. The game was one in which Goshen was really on the ball. The first touchdown was a pass from Ray Rockenbaugh to Johnny Fields. A quick pass over the line to Sonny Brooks made it 13-0. On a double reverse Rockenbaugh scored. The final tally came when Chuck Lewallen ran 43 yards for a touchdown after intercepting an Eagle pass.

Michigan City Trips Goshen Goshen 19 — Michigan City 20

Michigan City was the next stop for the Red Menace. Michigan City had an unusually heavy line. Bob Ciolek,

a south paw quarterback, passed for all three Michigan City's touchdowns. In the first period Larry Lewallen carried the ball over. Our second touchdown came in the third period with Larry Lewallen carrying the "pig skin." Goshen lost its golden opportunity when Dean Schwalm recovered a Red Devil fumble on their 32 yard line; but the ball never got further than the 17 yard line. The final score was made by Goshen when Art Chapman passed to Johnny Fields.

Goshen "Dumps" Mishawaka Goshen 21 — Mishawaka 12

Goshen returned home to be hosts to Mishawaka. With a powerful running backfield and crushing line, Goshen defeated the Maroons for the first time since 1929. Goshen took a Mishawaka punt and marched to pay dirt, Art Chapman going over. Mishawaka came back and tied it up. In the second period the Red Menace was stopped on the 3 yard line as time ran out. Art Chapman made the other touchdowns.

LaPorte "Slaughters" Goshen Goshen 0 — LaPorte 28

Goshen was handed their second defeat by LaPorte on a rain soaked field. The Slicer's quarterback, Dick Alban, was the main runner and the brains for the visitors.

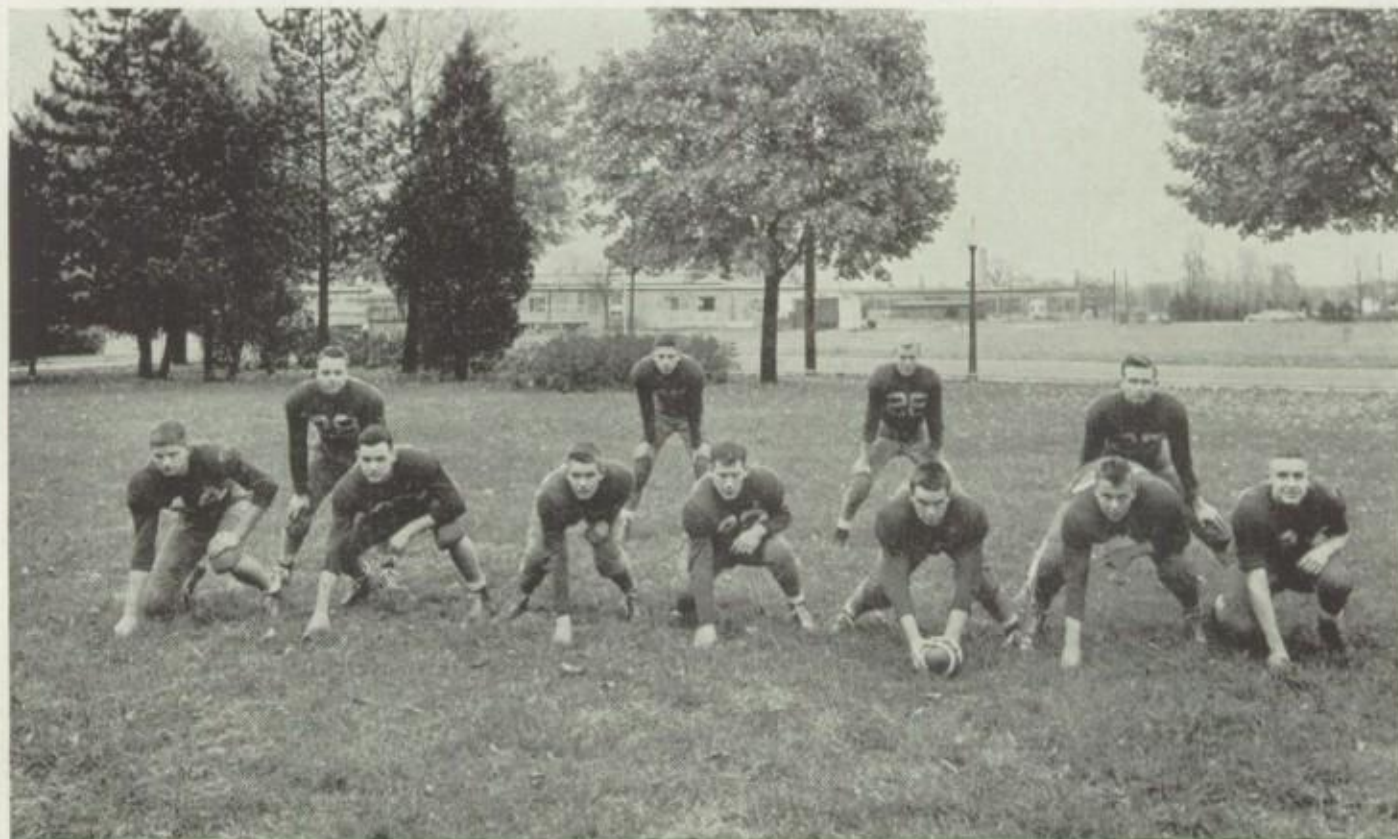

Goshen "Beats" Howe Cadets Goshen 20 — Howe 7

Howe Military Academy was the next victim of the Redskins. Art Chapman made the first touchdown climaxing a 72 yard drive. The varsity played only the first quarter. Jim Van Pelt scored in the second period. Goshen's final touchdown was made in the final period, with Chuck Lewallen throwing a pass to "Tink" LaRue.

Goshen "Ties" Elkhart Goshen 14 — Elkhart 14

Rice Field at Elkhart was the final stop for the Red Menace. Goshen scored twice in the second quarter. A

pass to Sonny Brooks was good for 44 yards which helped to set up our first touchdown with Art Chapman going over. Our second score was made by a pass from Ray Rockenbaugh to Johnny Fields. Rockenbaugh made both points from placement. Elkhart made their touchdowns in the first and fourth periods.

Goshen Ends Season with Win Over Lansing Goshen 26 — Lansing 0

Goshen ended a successful season by defeating Eastern High of Lansing, Michigan, on Foreman Field. This

game was played on a soggy gridiron. Lansing had a very heavy line, but the Goshen team tore it to pieces. The first touchdown came in the second period with a pass from Art Chapman to Ray Rockenbaugh. In the same period Chapman again passed to Johnny Fields for our second score. In the third period Chapman made it three touchdown passes by heaving one to Sonny Brooks. In the final quarter Chuck Lewallen threw a pass to Joe Holwerda who was in the end zone.

Goshen Loses Cage Opener to Minute Men

Looking very unimpressive the Redskins dropped their initial game of the hardwood season to Concord 36-26. Goshen's playing was rugged and "footballish." Chapman scored seventeen points with Al Snell high for the visitors with fourteen.

Redskins Squeeze By Warsaw

Displaying an improvement over their game of the previous week, the team managed to beat the Kosciusko County five 26-24.

New Paris Beaten

The Redskins again succeeded in squeezing out a victory over New Paris 28-26, after "blowing" a seven point lead in the third quarter when New Paris started a rally which was halted only by the final gun.

Redskins Club Bulldogs

For the third straight game Goshen racked up a two point win. This time it was at the expense of the Nappanee Bulldogs; the final score 29-27.

Goshen Succumbs to John Adams

Losing in the final quarter after playing three of inspired ball, the Redskins were beaten by John Adams of South Bend on the Adams floor, 40-30.

Elkhart Pulverizes Goshen

Absorbing one of the worst beatings in the history of Goshen High School basketball at the hands of Elkhart the Redskins lost 48-18. The Goshen team scored only six points in the first half and were able only to double it in the second, with an average of six hits out of sixty tries at the hoop.

Goshen Loses Thriller to Cavemen

The Redskins were stopped in their first conference fray of the season by a last second "do or die" heave by

Larry Gates, a Mishawaka guard. The Goshen boys showed a marked improvement over their game against Elkhart and played *four* quarters of basketball.

Goshen Slumps Against Fort Wayne Redskins

The Goshen boys hit a first half slump in their game at Northside in Fort Wayne to trail by thirteen points. A last quarter rally came within three points of the victors but fell short. The final score 49-41.

LaPorte "Humbles" Goshen

To the tune of the referees' whistles, slowing up the game considerably and consequently hampering the players of both teams, the Goshen Redskins were beaten by the league leading "Slicers," 56-41.

South Bend Central Defeats Goshen

The local boys showed "the kind of stuff they were made of" by playing the Central Club on even terms the first half only to lose in the second to the South Benders uncanny shooting which couldn't be stopped, 46-35.

Redskins Throttle Indians

The Goshen quintet came back from a slow first half and their three point deficit to beat their county foes from Wakarusa, 38-24, led by Chapman's nineteen points.

Goshen "Trips" Lapel

The Redskins turned in another fine performance; this time over downstate Lapel, led by C. Lewallen with eighteen points.

Redskins "Cap" Holiday Tourney at Nappanee

Goshen scored an upset victory over favored Washington in the afternoon session with Chapman's last minute basket breaking a 42-42 tie. They then proceeded to win from Nappanee in the finals for the first-holiday tourney win in several years.

Goshen Whips Nappanee

For the third time this season the Redskins took the Bulldogs' measure, this time a conference game, which pulled the locals out of the cellar spot with one win and six losses in the conference. The final score, 42-38.

Middies Stopped

The Redskins came through with another win this time against the Middlebury Middies. The visitors pulled within one point in the last stages only to be stopped by a Goshen rally 47-41.

Goshen Loses to Riley

The Redskins after playing good ball for three quarters suffered a relapse and dropped another conference game to the Riley Wildcats 43-37.

Redskins "Nail" Panthers

The Redskins clipped Washington for the second time this season. This time on a last second free throw by C. Lewallen breaking a 45-45 tie. Chapman scored sixteen points, again leading the team.

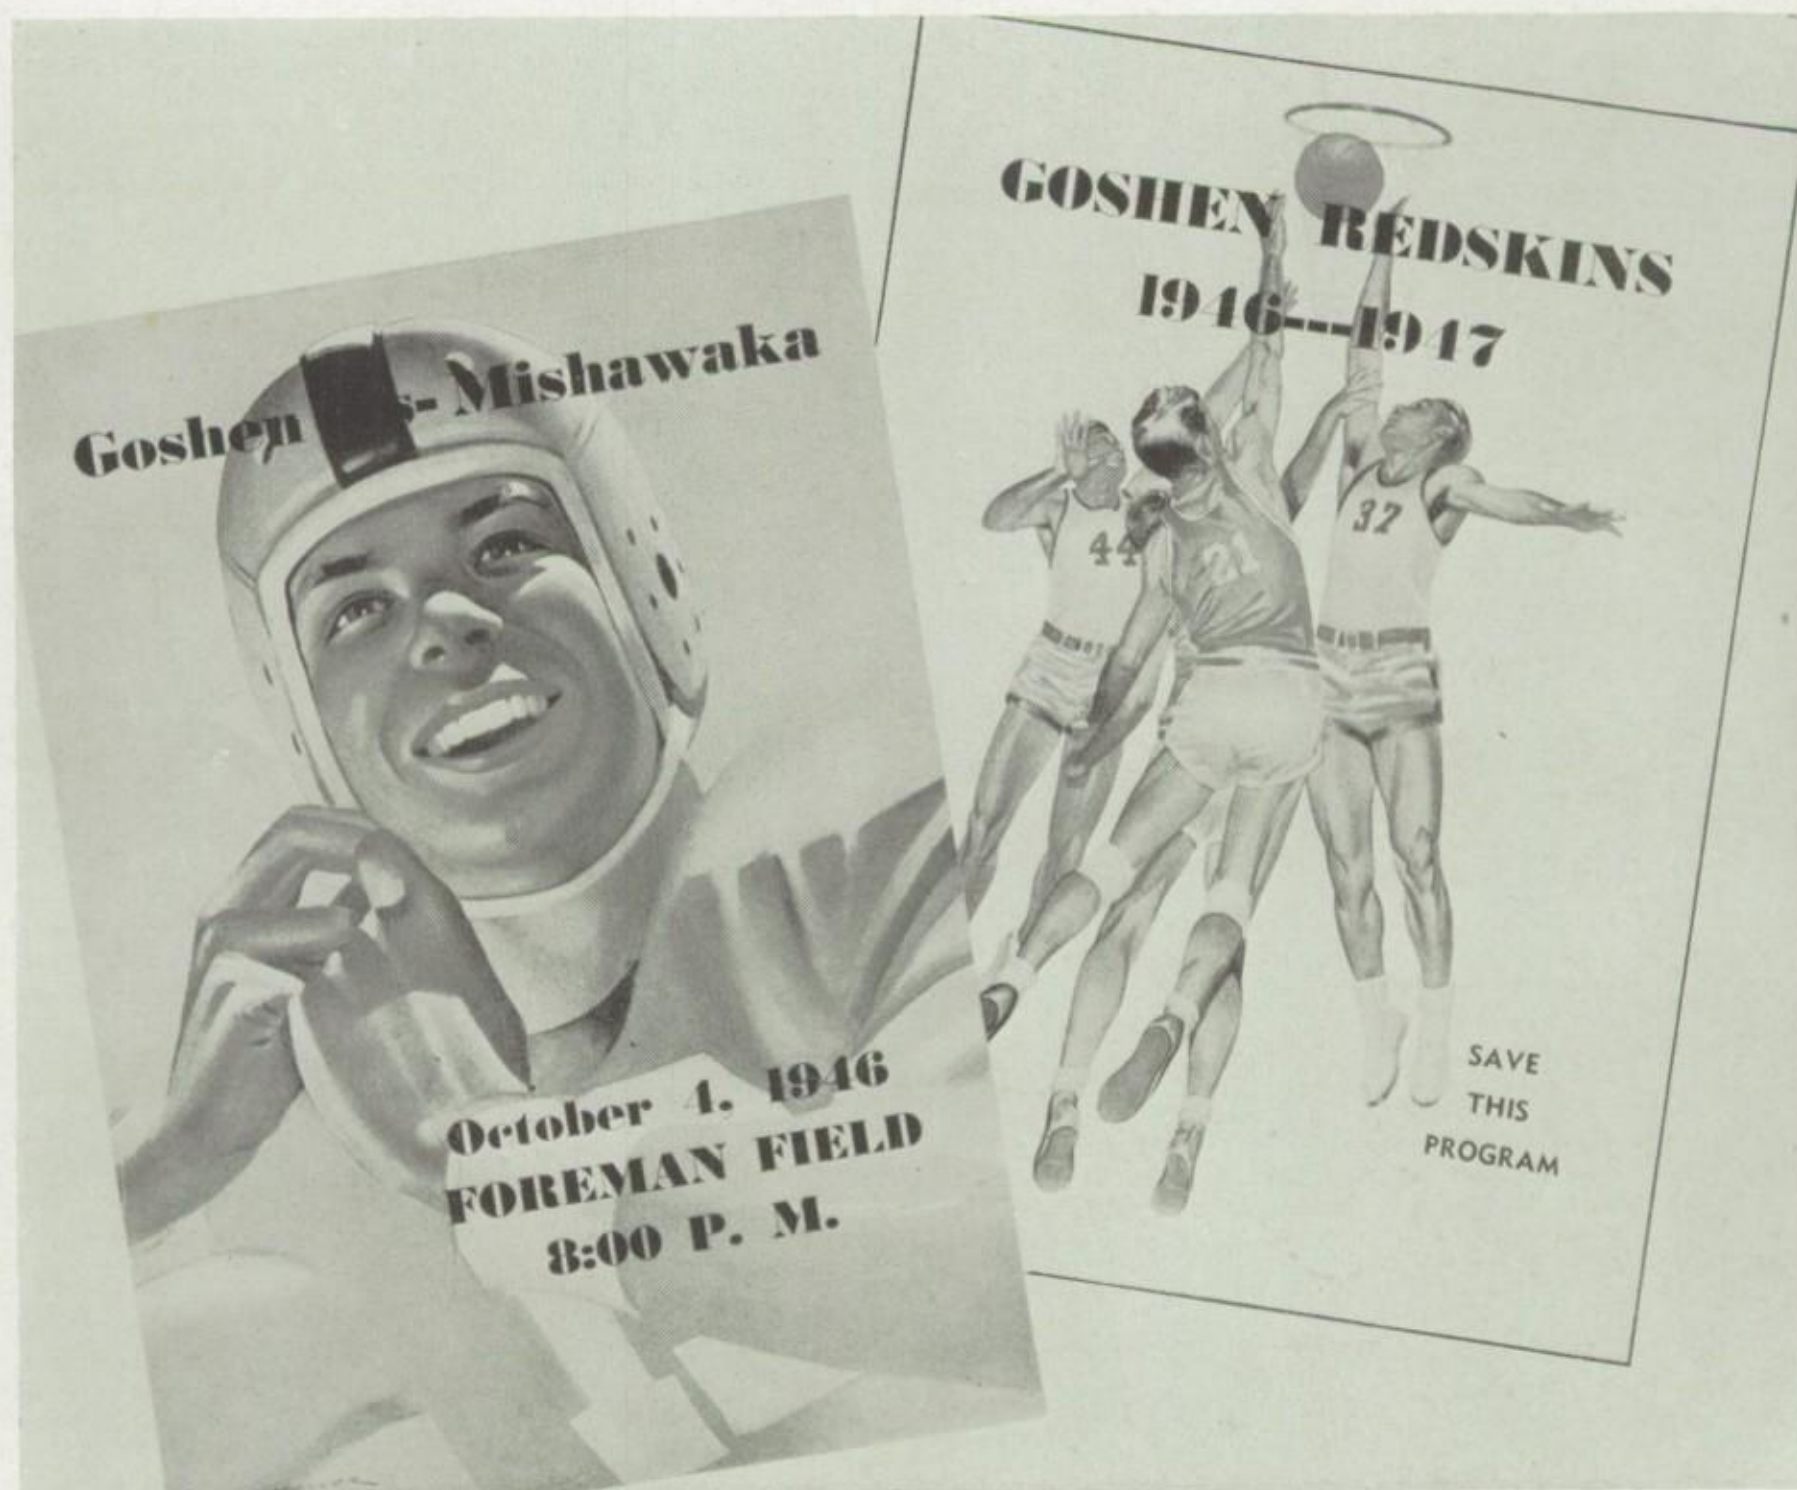

They Did It Again

Goshen was never even in the ball game for the "Blazers" scored at any and all times, building up a score of 52-22. The Redskins replayed the first Elkhart game; were cold on shots whereas Elkhart couldn't miss.

Goshen Drops Curtain On Basketball Season with A Loss to Michigan City

The Redskins bowed out of the '46-'47 basketball season with a record of ten wins and ten losses as the "Red Devils" swamped them 61-48. Both teams were "hitting" with Michigan City taking the edge on defense.

A GLIMPSE

*Now, 'neath the high-arched diamond bow,
As night's dusk sentinel halts the day,
I see a garden; a path dimly shrouded
By soft filmy willows o'erhanging, and fondly
Caressing the whispering winds.*

Is in the soft sigh which through Nature's lips
Drifts silently upward; ever to be
An unattainable will-o'-the-wisp,

THE BLOSSOM

*This morning before the sun was up
I walked in the moist thick dawn
And found among the dead packed leaves,
A blossom.*

*Pale and suddenly significant
Like a small snowy virgin
There before me, stooping I looked
And felt God.*

*Felt God in its fresh simplicity,
In its single tightly closed
White blossom, in its love for life—
For living.*

*Thus also did I know temptation
As my fingers yearned to touch it
So I bent to know it closer—
Its white youth.*

*Then suddenly, before I knew it
I had snapped its pale lifeline
And held it thus a prisoner
In my hand.*

—Thelma Ackerson

IMAGERY

A palette in hand,
I'd capture the finery
Of heaven and land.*

DREAMS

THE TAILLESS TALE

*Some wonder why a certain cat,
Whose name they say is Manxe,
Is gifted with no lovely tail
To cover up her flanks.*

*Some say a man who owned a cat
(I think his name was Weaver)
Got mad at Puss, grabbed up her tail,
Removed it with a cleaver.*

*The Cat recovered, glad to say;
It thrived and grew quite fat,
So Mr. Weaver and his pet
Both thought that that was that.*

*But later on, when Puss was blest
With kittens, rank on rank,
The poor thing noticed this strange fact:
Their rear ends, they were blank!*

*The moral of this little ode
Is plain as it can be;
But I'll not tell you what it is,
You'll not get it from me.*

*If you'd ask Pussy for advice
She'd say to you, "When mauled,
Don't ever let folks pull your hair,
Your kids may grow up bald."*

Crim Gazes at the Seniors

Crim appeared at Goshen High one day
A Soothsayer looking tired and gray.
"So many, so many" quoth he aghast
As the Seniors of forty-seven marched past.
"To number them all and not any forget
I'll put each one in my alphabet."

A is for Ackerson, Scribbler's Club head;
B is for Beck, snaps pictures 'tis said.
Bickel in class is intent on his books
Bigler likes walks beside "sunny brooks."
Crim saw Betty Blosser with lovely brown hair;
Looked for Rosemary Briggs, who that day wasn't there.
High stepping Brinklow was leading the band;
And pass catcher Brooks was also on hand.

—J. STUTZ.

The truth is revealed . . . the sleepy-heads' alibi . . . The birds, the bees, and the butterflies . . . Heap, big squaw . . . 50° off . . . "Wolf" Van Pelt in action . . . The best basketball team in G. H. S. history . . . The Student Council's business . . . Glamour girls of 1963.

"A Little Honey"

"A Little Honey," the senior class play, written by William Davidson, was presented on March 14, 1947 in the high school auditorium under the direction of Miss Barbra Zook.

The story revolves around the Minton household, mainly Mrs. Minton, one of those bossy souls who insists on living everyone else's life as well as her own. She had taught her daughter, Diana, that the way to interest a man was to be able to talk fluently on subjects dear to a man's heart — baseball, carburetors, and the stock market. Diana had tried it — with disastrous results. While she talked — the other girls grabbed off the men and even her one and only Tom went off to the Pacific without a word about an engagement. Diana was a very unhappy girl. Then, Tom comes back and arrives for his first date. Mother coaches Diana beforehand as usual — until she sounds like a bureau of statistics, and Tom suddenly develops a previous appointment and leaves early. Grandma enters the picture and coaches Diana differently on how to get her man. Throughout the play the trials of Diana's sister Jerry and her boyfriend Albert are prominent plus the trials of the entire family over "Scoots," the youngest sister and her jumping frog, Pegasus. A southern widow tosses her income tax troubles in Mr. Minton's lap and evidently hopes to toss herself there, too. The cook goes on a rampage; Diana feels it's now or never with Tom and tries her own ideas with wonderful results. The curtain comes down finally on a peaceful family.

HODGE-PODGE

Hi-Y president . . . Attention . . . Looking North . . . The long and "Shupp" of it . . . Oh, Johnnie! . . . Cross Country stars . . . Our Fiji Islanders . . . The "inevitable" Frosh . . . Poor fish . . . Bemenderfer's first stop . . . Balloon ascension . . . Jump Ball! . . . Return from mid-morning snack . . . A. O. F. M.'s . . . Between classes . . . Pensive Joe . . . South Side . . . Sadie Hawkins' Day Dance . . . None other . . . sponsoreess . . . Howe victory.

Thus Crim, satiated with knowledge that has been culled from the treasure houses of the ages journeys forth out of his "castle in the clouds," his heaven in the cosmos, into this vast universe.

And thus, we, the Seniors of 1947, venture forth from our school career into this world of electronics, of rockets, of gamma rays, of atoms and atomic power; into a world where ultimately science and philosophy will travel hand in hand.

So, we say a fond farewell, knowing that our thoughts will often return to the place where once we found so much happiness.
